

Privacy Notice for the *Visual Capture* App

Updated: 18.09.2025

The institution in whose context the app is used ("app operator") is solely responsible for its content.

Protecting personal data and ensuring a high degree of transparency are important to ITH icoserve technology for healthcare GmbH ("ITH"). We would therefore like to inform you that ITH does not collect, store, or otherwise process any personal data via the *Visual Capture* app, i.e. ITH does not act as a data controller pursuant to data protection laws.

The content created or displayed by the app operator within the framework of the use of the app is exclusively stored in the connected data archive of the app operator. For information about data processing, contact the app operator serving as the data controller.
